Dear Parents

Greetings!

With immense gratification and fulfillment we are about to complete another academic session on a successful note.

In addition to our regular annual programs and plans designed to groom our students holistically, this year was filled with numerous significant moments that made it truly unique and unforgettable.

The young VVDAVians also brought laurels in different inter - school, zonal, districts and national and international level competitions organised by CBSE and other agencies.

Classrooms in the nursery wing have been retrofitted with Air Conditioners. Classes that are provided with AC facility will be charged Rs.1000 per month towards AC maintenance and running charges ; only for the summer months.
